

Dear Physiotherapist / Sports Therapist / Sports Massage Applicant,

Re: Vacancy for Self-Employed Sports Therapist / Massage Therapist / Physiotherapist

Lushington Chiropractic is a multi-award winning chiropractic and sports massage clinic in Eastbourne town centre. We provide a range of treatments including nutritional therapy, counselling, acupuncture, podiatry, sports and relaxing massage to thousands of local people.

We genuinely care about our patients and improving their quality of life. We have an extremely professional and dedicated team of therapists who work together putting their client's/patient's needs first.

We have an excellent patient base of over 8,000 local people, most of whom were recommended to us personally. Patients that choose chiropractic as their main source of therapy often also need complimentary treatment. The chiropractors often refer and will discuss cases (usually on a Tuesday) with the practitioners they refer to.

Last year we celebrated our 10th anniversary and winning Eastbourne's "Business of the Year". Since then we've experienced yet another period of significant growth, which is why we're keen to add a Physiotherapist, Sports Therapist or Massage Therapist to our team of practitioners.

We've opened this opportunity to a range of professions: Physio as well as Sports and Massage Therapists because we're looking for the "*right person*". We're looking for someone who wants to make a regular and long-term commitment (at least 3-4 years), cares about their clients and wants to be busy as part of a clinic with high standards.

Please print and complete (by hand) the attached questionnaire, returning it to:
